

This was a huge accomplishment for Memphis, as it brought great economic development and unity to the community.

During its construction, Arnold's mantra was to build the facility on time and on budget. Indeed, the FedExForum was built in 3 years and on budget.

Most importantly, Arnold was a dedicated member of the Memphis Jewish community and was devoted to his faith. He served as the 45th president of Temple Israel in Memphis, from 2006–2009.

Arnold was passionate in his advocacy for Israel. In 1983, he and his wife, Mary Lynn, were two of the founding members of the AIPAC chapter in Memphis. Arnold was devoted to educating people on the importance of a strong U.S.-Israel relationship.

Ultimately, Arnold was not only a gifted lawyer; he was a true civic giant, a fierce advocate, a faithful individual, and a loving family man. He worked tirelessly to make Memphis a better place for all to live.

His two daughters, Stephanie and Laurie; and his two sons-in-law, Jeff and Jonathan, who he saw more as sons, said that their dad followed four pillars that he adopted from one of his mentors: Family, faith, professionalism, and community.

Roberta and I extend our deepest sympathies to Mary Lynn, his loving wife of 55 years; their daughters, Stephanie and Laurie; his sons-in-law, Jeff and Jonathan; his six grandchildren, and the rest of his family and friends.

May his memory be a blessing.

HONORING MARY ALICE WORKMAN

The SPEAKER pro tempore. The Chair recognizes the gentleman from Illinois (Mr. RODNEY DAVIS) for 5 minutes.

Mr. RODNEY DAVIS of Illinois. Mr. Speaker, I rise today to honor my wife's grandmother, Mary Alice Workman, who, sadly, passed away in late January at the age of 98.

Mary Alice was born in Decatur. She married her husband, Richard, in 1941. She was a member of the First United Methodist Church in Assumption, Illinois.

Mary Alice will be remembered for her kindheartedness, for the love of her large family, and for living life to the fullest.

Mary Alice is now resting peacefully with her husband, Richard; and her favorite dog, Leo.

It is a sad loss for our family and everyone who had the pleasure of getting to know her. It is always difficult saying good-bye to someone we love and appreciate, especially when you couldn't see them in person before they passed.

Shannon, Toryn, Griffin, Clark, and I send our thoughts and prayers to her children, Kenneth, Kathleen, and Nancy; and their families; and her

other grandchildren, Randy, Kelly, Curt, Ric; and the rest of her great-grandchildren, Trenee, Ryan, Ross, Connor, Sydney, Grace, and Payton.

Mary Alice, may you rest in peace.

HONORING TREVOR HERDERHORST

Mr. RODNEY DAVIS of Illinois. Mr. Speaker, I rise today to honor Trevor Herderhorst of Highland, Illinois, who died on April 25 after a courageous fight with cancer.

Trevor began his dream of becoming a firefighter in 2005 with the Cahokia Volunteer Fire Department. Later, he graduated from SIUC with a degree in fire service management, and went on to serve as a Granite City firefighter. In 2018, Trevor started his dream job with the City of Champaign Fire Department in its Operations Division. Trevor loved being a firefighter and was a proud professional, always striving to hone his skills to save lives.

Those who knew Trevor will remember him for his inspirational positivity and his passion for making the world around him a better place and his love for baseball.

My prayers are with Trevor's wife, Tiffany; his children, Chase and Olivia; and all his friends and family spread throughout the communities he made better with his presence. He will truly be missed.

RECOGNIZING KNIGHT'S ACTION PARK

Mr. RODNEY DAVIS of Illinois. Mr. Speaker, I rise today to recognize Knight's Action Park in Springfield, Illinois, which is celebrating 91 years of business this year.

It was founded in 1930 as a golf driving range by George Knight, Sr., after he spent a few years touring the country as the caddy for four-time U.S. Open champion Willie Anderson.

George Knight, Jr., and his wife, Audrey, started an archery range in 1951, and later opened the family entertainment center. Knight's Action Park spans 60 acres and three generations of the Knight family. Over the years, it has added a water park, pub, and drive-in theater.

Like many businesses that rely on large attendance, they faced challenges amidst the coronavirus pandemic. They credit the Paycheck Protection Program for allowing them to survive 2020, so they can continue to provide jobs for 200 seasonal workers, 10 permanent staff, and family fun for me, my family, and my constituents. Hopefully, they will be able to fully reopen soon.

Again, congratulations to the Knights on their 91st anniversary, and I wish them all the best in the years to come.

RECOGNIZING DR. LARRY DIETZ

Mr. RODNEY DAVIS of Illinois. Mr. Speaker, I rise today to recognize my friend, Dr. Larry Dietz, the 19th president of Illinois State University, who will retire on June 30 after a remarkable 50-year academic career.

Dr. Dietz began his career at ISU in 2011 as the Vice President for Student Affairs. In 2014, he was appointed Illi-

nois State's 19th president. Prior to coming to ISU, he served as Vice Chancellor of Student Affairs at Southern Illinois University Carbondale, and he held various other leadership positions at the University of Missouri and Iowa State University.

President Dietz's passion for higher education has taken an already highly esteemed ISU to new heights. With his leadership, the university is continually ranked among the top in the Nation for high graduation and retention rates and low student loan default rates. He leaves ISU on a footing that is full of potential.

I have had the pleasure of working with Larry since he became president. A personal testament I have to his success is the fact that all three of my children attend Illinois State University, the institution he leads.

Congratulations on your retirement, Mr. President.

PAYING TRIBUTE TO FRANK FRYBURG

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. SMUCKER) for 5 minutes.

Mr. SMUCKER. Mr. Speaker, I rise today to honor and to pay tribute to a community leader, a veteran, and a vocal advocate, Mr. Frank Fryburg, who passed away last week at the age of 94.

Those of us who had the pleasure to know Frank know that he lived a life of service to others. Frank joined the Navy in 1944 as an electronic technician, and went on to serve 20 years in the Navy Reserves. Frank was a graduate of Penn State University, earning his bachelor's degree in physics on the GI Bill. He later earned his MBA from the University of Pennsylvania's Wharton School.

Frank served his community for a decade as a commissioner in Manheim Township in Lancaster County. He was an active member of his church, a national leader of his chosen fraternity, and worked to support countless community organizations over the years.

With Frank, you always knew where you stood. He always shared his opinions with you, and they were very well-thought out. He was recently recognized as one of the most prolific letter writers to the editor in the local newspaper.

Frank Fryburg was a man of exceptional character, of boundless energy and determination, a true servant leader, and a community advocate.

Frank is survived by his 6 children, 13 grandchildren, and 20 great-grandchildren.

We will miss him. We wish those who are grieving, comfort. We give thanks for the opportunity to know Frank, who positively impacted so many people during his 94 years.

THANKING ALEX MUNRO

Mr. SMUCKER. Mr. Speaker, I rise to give thanks to someone who has positively impacted the lives of a generation of students and untold generations
